OUR **STORY**

Since 2012, our mission at Zitta has been clear: to offer innovative designs, superior quality, and outstanding customer service. In 2019, the creation of Zitta Group marked a significant milestone by solidifying the identity of our company. Today, the group brings together four distinct bathroom product brands: Slik Portfolio, Zitta, Acryline, and Inspira.

Our headquarters, inaugurated in 2017 and expanded in 2024, is a modern facility of over 100,000 square feet. It houses our administrative offices, a state-of-the-art design lab, our marketing department, and a brand-new smart distribution center. It also includes a 2,000-square-foot showroom showcasing our full product collections, along with a dedicated space for the Zitta Academy, where we provide comprehensive training to our partners.

Our privileged partnership with the production plant in China, managed by a Franco-Canadian team, enables us to remain competitive while maintaining high quality standards.

And our story continues. Always tuned in to the latest trends and driven by a spirit of innovation—both in design and technology—we are building the bathroom of tomorrow, today.

OUR **MISSION**

Offering bathroom products that meet the highest standards of quality, innovation, and design.

Every detail, both structural and functional, is thoughtfully considered from design to installation to ensure an optimal experience for the user.

MESSAGE FROM THE PRESIDENT

At Zitta Group, our journey is based on a deep conviction: the success of a company is not only measured by the quality of its products, but also by the strength of the relationships it builds with its clients and partners. Since our beginnings, we have built this company with a clear vision: to offer much more than a product range, to create a true experience based on trust, expertise, and innovation.

Every project you undertake is unique, and we understand how important every detail is. That's why we make every effort to offer solutions that meet your expectations, combining aesthetics, performance, and durability. Our collections are designed to seamlessly integrate into your spaces and reflect your style, but they are also the result of continuous research into quality and innovation.

Beyond the products we design, what drives us is the human element. Every day, we have the privilege of collaborating with architects, designers, contractors, and individuals who trust us to bring their projects to life. This close relationship with our clients is essential. It enables us to better understand your needs, anticipate trends, and continually innovate to provide you with solutions that are always more tailored and inspiring.

Today, Zitta Group continues to evolve and reinvent itself thanks to you. Your trust motivates us to push our limits, explore new possibilities, and constantly innovate to serve you better. Every challenge is an opportunity for us to grow together, and we are proud to share this journey with you.

Thank you for being by our side. We look forward to continuing to build the future with you.

ZAFE

WHAT IS THE ZAFE FILM?

APPLY A FILM TO THE GLASS FOR SUPERIOR PROTECTION

Zafe by Zitta Group is a safety film, a preventive **technology applied** directly to shower door glass. Its main role is to retain fragments in the event of breakage, preventing their dispersion and thus significantly reducing the risk of injury. Effective and versatile, this solution enhances safety while adapting to the desired aesthetic, whether discreet or bold.

Beyond its protective function, Zafe also allows glass to be customized to better match a variety of bathroom styles.

Available in **7 finishes**, including a fully transparent version for invisible protection, Zafe is also available with **6 distinct patterns** in different levels of opacity and texture. These options add a decorative touch while preserving privacy, making Zafe a **practical, secure and refined solution**.

Subject to the terms and conditions described below, Zitta Group guarantees that the product sold complies with its specifications and that at the time of sale, the product is free from any manufacturing defects and/or faults. This warranty is only applicable to the first user purchaser and for personal purposes only; commercial or industrial use is not covered by this warranty. This warranty cannot be transferred to a third party. This warranty excludes all costs related to shipping, installation and/or uninstallation and handling fees.

This warranty does not cover defects and/or breakages resulting from Acts of God, accidents, disasters, abuse, negligence, improper installation, addition and/or removal of parts and/or equipment, misuse, intense temperature variations, exposure to chemicals and/or abrasives of any kind or stains caused by different types of water, such as ferrous or alkaline water.

Zitta Group cannot be held liable for direct and/or indirect damage caused and/or resulting from fortuitous events, labor costs, miscellaneous costs, loss of time, materials or other costs relating to the application and/or replacement of the product or one of its components. In the event that a manufacturing defect occurs, the buyer/user must have followed the installation instructions included in the installation manual, must present proof of purchase as well as proof of installation by a construction industry-recognized professional. Zitta Group may, at its sole discretion, repair or replace the product on a pro rata basis at the then-current price. Zitta Group reserves the right to have the defect inspected on-site by a representative of its choosing. No returns will be accepted without prior authorization from Zitta Group.

Cleaning and maintenance

Zitta Group recommends using mild liquid dishwashing detergents and water to keep the surface clean and shiny. Rinse thoroughly and dry with a clean, soft cloth.

CAUTION: Powdered and/or abrasive detergents can damage surfaces. Never put in contact with corrosive products such as drain cleaners.

DO NOT USE: Cleaning products containing chlorides, ammonia or mineral spirits, Epsom salt, steel wool, scouring pads or brushes.
